## INTERESTS

### Computer Science

I have a general interest in IT, with a focus on programming. On my own initiative, I develop applications to expand my programming skills. I have also created many basic computer programs for everyday use. I thrive in environments where large amounts of data need to be collected, analyzed, and interpreted to draw meaningful conclusions.

## DECLARATION

I consent to the processing of my personal data for the purposes necessary to carry out the recruitment process in accordance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, repealing Directive 95/46/EC (GDPR).
